ACTIVE STAKEHOLDERS FOR A JUST TRANSITION
Creation of the “Financing a Just Transition Alliance” coalition

40 British actors

Areas of action: Funding of market initiatives and businesses, national action plan and public policies

Part of the Hauser Institute for Civil Society at Harvard Kennedy School

Co-author of the report “Climate change and the just transition: A guide for investor action”

Launch of a Just Transition Initiative in the form of a public platform in partnership with the Climate Investment Funds (CIF)

Access to resources and guidelines for carrying out just transition strategies

Work carried out: Analysis of the different components of a just transition, realization of case studies to shed light on good practices
Creation of a sub-working group on the Just Transition within the framework of the "Social Bond Working Group" 2020-2021. Its objective is to integrate the Just Transition into the standards that frame the social bond market.

The Alliance supports the Just Transition through the development of benchmarks. It assesses the extent to which certain key companies enable or prevent the transition to a low carbon economy. It plans the publication of Just Transition indicators in May 2021.

**B4IG**
Launch of a 5th working group, focused on the Just Transition
Its objectives: define a common position, share good practices and develop a methodology with impact criteria

**World Benchmarking Alliance**
The Alliance supports the Just Transition through the development of benchmarks. It assesses the extent to which certain key companies enable or prevent the transition to a low carbon economy. It plans the publication of Just Transition indicators in May 2021.
Launch of a Just Transition initiative to identify investments and policies that can accelerate this transition. Its priority themes: the transition to greener economies, support of workers and regional economic development.

Launch of a "Just Transition for Climate" credit investment strategy with a dedicated Just Transition score, aimed at identifying companies promoting a just transition in their activities.

Launch of a Just Transition Initiative in the form of a public platform in partnership with CSIS. Publication of case studies to highlight the contribution of their investments to the just transition.
NET ZERO ASSET MANAGERS INITIATIVE

The initiative brings together international asset managers committed to supporting the goal of "net zero emissions" by 2050.

The Just Transition is identified as one of the main objectives of the coalition.

The FAIRR initiative encourages companies and investors to integrate just transition into their strategies, in particular by addressing workforce risks more effectively.

Publication of a guide for investors and reports

Publication of a Just Transition indicator in December 2020

Purpose to assess whether the company has disclosed information about its Just Transition strategy - taking into account the impact on employees, communities and other stakeholders.
